

REQUESTING ACCOMODATIONS

Shaw University is committed to making a quality education possible for all students.

Students should understand that it is their responsibility to self-identify their need(s) for accommodation and that they must provide current, comprehensive diagnosis of a specific disability or medical condition from a qualified professional in order to receive services.

Documentation must include specific recommendations for accommodation(s). Documentation should be provided in a timely manner prior to or early in the semester so that the requested accommodation can be considered and, if warranted, arranged.

For additional information on specific services and accommodations, students may call the Counseling Center at 919-546-8525 or 919-546-8286.
